Pregnancy, New Moms & Infant Information

Provides prenatal and postpartum care and services including maternity, breastfeeding, and Sudden Unexplained Infant Death (SUIDS) education. Also provides education on nutrition, labor and delivery, infant care, and parenting.

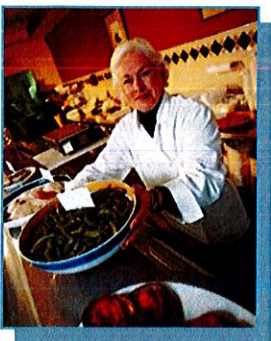

WIC Program

A nutritional program that provides healthy foods to infants and children from birth to age five(5), pregnant women, postpartum (women who have had a baby within the past six months), and breastfeeding mothers.

Communicable Disease Testing & Surveillance

Treats and monitors tuberculosis (TB); identifies and treats sexually transmitted infections (STIs); provides testing, counseling, and prevention education, and referral for treatment of HIV.

Environmental Health Services

Provides public health protection through regulatory environmental services. Services include food and milk safety, swimming pool inspections, animal bite investigations, and sanitation inspections for schools and day cares.

WIC: An equal opportunity provider.
